8) There is no reference in the file to the authority under which the room was taken charge of by Crown Officers. I therefore sent word to the Curator of the Museum who came with some papers relating to this subject and explained the situation.

9 One of the rooms had been in our use with the consent of the Gymkhana Club some three years ago and it was afterwards again made over to them as it was wanted in connection with some tournament. Some months ago when some space was badly wanted for putting some Museum things into and none was readily available the Asst Superintendent of the Gardens & Museum seems to have told the Curator to make use of one of the rooms of the Tennis Courts. The consent of the Club was not taken, but apparently the place was made no use of and no inconvenience to the club was apprehended.

10 The actual occupation on this occasion was therefore "unauthorised" but the injury to the Club is very technical. On the other hand the whole

68) I met Mr. Plumer this afternoon and discussed with him the question about the Gymkhana tennis cou in the Cubbon Park. He said that the matter would decided at an annual meeting of the Gymkhana which to come off on the 28th February. He was however opinion, that the Gymkhana had no claim for any com. pensation for the site or for the making of the courts and he agreed that now that the Gymkhana is not - - making use of the courts, they should hand them ov to the Durbar as required by them. He thought that the Durbar might take over the buildings and other material on the site at a fair valuation, paying th price to the Gymkhana. He also said that two of th courts had been leased to the Departmental Club and that he would inform us of the conditions of the - - lease. I understand that the Departmental Club is connected with the Military Offices of the Brigadier General and it would perhaps be gracious on the part of the Durbar to continue the use of these two court by that Club so long as their period of lease lasts. If any payment is due under the lease hereafter, suc payment should be made to the Durbar.

69) As regards buildings and structures, Mr. Krumbiegel may be addressed in regard to what he considers would be useful to the Government and what would be a fair value for them and what might be paid for other materials which we might make use of. When talked over this with Mr. Krumbiegel the other day he was also of opinion that some of the buildings

GYMKHANA TENNIS COURTS, ETC&, IN THE CUBBON PARK.

(98) In order to improve that portion of the Cubbon Park where the tennis courts and buildings in the possession of the Gymkhana Club are located, the question of the resumption of the grounds by Government was taken up in March 1915 as the Courts were not then being used by the Club. The Secretary of the Club was asked to state whether there was any objection to the proposed resumption (letter of 27th March 1915).

Rev 333-14-1.

(99) 2. Then in October 1915, the First Assistant to the Hon'ble the Resident wrote to Government on behalf of the Gymkhana Committee and asked whether there was any documentary evidence regarding the lease of the land to the Club. It was incidentally suggested therein that the Gymkhana might be allowed to use the courts as before with some improvements effected to the grounds. The available information regarding the circumstances in which the courts were allowed to be used by the Gymkhana Club was forwarded to the Residency in December 1915 and opportunity was taken to propose certain general conditions under which the lease may be continued.

Sl no 12 (do)

Sl no 13. do.

(00) 3. Thereupon in January 1916, the Gymkhana Club forwarded to Government their proposals through the Residency to keep 6 courts & the buildings for a fixed period of years on certain terms & conditions.

(01) 4. After some correspondence in the matter the Residency were informed in D.O. of 5-12-1918 of the history relating to these courts in a more detailed manner and of the terms on which the lease was to continue if the Courts were to be used by the Club.

(02) 5. But on 5-5-1920 the First Assistant Resident forwarded a copy of the Resident's letter to the

Secretary

Fin 150-19.

Secretary of the Club in which it was stated that the Resident was of opinion that the subject was one which was to be settled between the Club Authorities and the Mysore Government, with a suggestion that the settlement of the question might be facilitated by a conference between the representatives of the Club and the Chief Secretary to Government or other officers appointed for this purpose.

3. This suggestion was taken up and the two representatives of Government, viz. the Chief Secretary and the Superintendent, Government Gardens, arranged to meet the representatives of the Club, one of the being Mr.Plumer, Judge of the Chief Court; but on 22-1-1921 Mr.Balasundaram Iyer met Mr.Plumer, when the latter stated that the entire question would be settled at the annual general meeting of the Club to be held in February 1921, and incidentally mentioned as his opinion that as the Club did not want the use of the courts in question, they should hand over the same to the Mysore Government and that the Government might take over the buildings and other materials on site for a fair valuation.

4. On this point of valuation of the materials and property on site, the Superintendent, Government Gardens, was written to on 21-1-1921 and in the reply it is stated that Rs.2000 would be a fair offer. Communications have since been issued to the Secretary, Gymkhana Club to say whether as stated by Mr.Plumer any decision was arrived at by the Club at their general meeting. The last reminder was on 27-7-1921 and no reply ~~is~~ has yet been received.

As the visit of H. ...the Prince of Wales is fast approaching and as the route will be by the

side of the Tennis Courts in the Cubbon Park, it has to be kept tidy for the occasion. The Residency may be requested to ask the Gymkhana Authorities to -- arrive at definite conclusion very soon to enable the Durbar to take immediate steps to improve the locality. For orders.

Suggested by Sir Leslie Miller

The interval between the 3rd & 9th Oct may not be suitable to Govt: as the Secretaries will probably be in Mysore at the time. The date for arbitration may therefore have to fixed on some day after the Dasara. Meanwhile the Tennis Courts and buildings may perhaps be taken charge of by the Supdt. Govt: Gardens for effecting the necessary improvements for the ensuing Royal visit. The Secretary of the Gymkhana Club is agreeable to hand over the Courts, if Govt: is willing to abide by the decision of the Arbitrator. Gen: Sec:)

109 The suggestion to deal with the Case between the 3rd & 9th Oct. may be accepted. It will be enough if the entire file of papers is forwarded to Sir Leslie Miller. There are notes & precis in the file explaining the whole case, and also the point of view of Govt.

Necessary drafts may be put up so that the arbitration may take place and the arbitrator's finding reported to Govt. early.

23	From the Superintendent Govt. Gardens. No. 9339 dated 26/10/1921. Informs that the Tennis courts etc were taken over charge from the Secretary of the Gymkhana club on the 24th ultimo and that his estimate of the present structures etc, viz Rs 38000 Rs 4000, has been communicated to Mr Leslie Miller in this connection. 113 Draft submitted as ordered in para 112 of these notes. 114 It is not possible to provide funds from the Gardens Dept for meeting the expenditure, as the budget of the Dept was cut down to almost the minimum. There is no amount available as surplus in the current year's budget. It is therefore a point for consideration whether this cost may not be met from the provision for the visit of H.R.H. the Prince of Wales. Some improvements to the locality are to be made in connection with this visit. Submitted for orders.

Submitted to His Highness.

137 The question of the resumption of the Tennis Courts and buildings in the possession of the Bangalore Gymkhana Club in the Cubbon Park was taken up for consideration in March 1915 in connection with the improvement of the Park. After correspondence with the Residency regarding the circumstances in which these Courts were originally allowed to be used by the Club, the Hon'ble the Resident suggested that the subject might be settled between the Club authorities and the Government, by a Conference between the representatives on both sides. This suggestion was adopted. As the Club had no clear proof of title to the land or the Court surfaces and were willing to give up the Courts and buildings to Government for a reasonable compensation, a sum of Rs.3,000 was offered to them for the structures and materials on the Courts. In response to this offer, the Club authorities stated that they would agree to accept Rs.5,000 as the lowest sum or abide by the award of an Arbitrator. By mutual consent the question was referred to Sir Leslie C.Miller for arbitration, and he awarded a sum of Rs.4,600 in all to be paid by Government to the Club.

2. In view of the fact that the route of His Royal Highness the Prince of Wales from the Railway Station during his ensuing visit to Bangalore is by the side of these Courts, it became necessary to effect a speedy settlement of the question and take charge of these grounds for being tidied up. The Courts and the buildings have accordingly been handed over by the Club and taken possession of by the Superintendent, Government Gardens, to effect the necessary improvements. The sum of Rs. 4,600 awarded by the Arbitrator has therefore to be paid to the Club without delay. There are however no funds out of the budget allotments to meet this charge. The Financial Secretary who was consulted in the matter, states that the expenditure has to be met from the loan money.

My dear Sir,

I beg to report that the locks of the Gymkhana tennis court cloak rooms in which we had kept the Museum things were broken open by the Secretary, Gymkhana, as I reported some time ago. The Secretary has preferred a complaint to the Police that he had secured some things there which are missing. The Curator, Government Museum reports that when he took charge of the rooms they were lying open uncared for and that a few pieces of beams were kept in one of the rooms. The Police are investigating the matter. Meanwhile some of the Museum skins which were being cleaned are locked up inside and we have no means of getting at them. I wrote to the Secretary of the Gymkhana but have had no reply. May I request you to kindly write to him in the matter.

Reference yours of 18-8-19 regarding property which you allege is yours locked up in a stone belonging to the Club, I have let the curator know the sort of settlement I am willing to make in the matter.

If you are prepared to meet me in this matter, I would regard your readiness to settle the matter in the only possible legal way as sufficient proof of your bonafides and would not insist on legal proof of ownership as this might involve lengthy and expensive legal proceedings.

Besides the club claim for rent, compensation for inconvenience etc. could thus be settled privately as well.

I am desired to invite your reference to my DO. letter no: Pol 532 dt 5/12/1918 and reminder letter no: Pol 1023 dt 12/4/1919 regarding the tennis Courts in the Cubbon Park hitherto used by the Bangalore Gymkhana Club and in continuation to state that the tennis court cloak rooms, which were lying open and uncared for, were used by the Curator of the Govt. Secretary of the Gymkhana Club has again taken charge of these rooms together with the museum things kept therein and that he has preferred a complaint to the Police to the effect that certain articles belonging to the Club are missing. This incident is however being amicably settled.

I am also to point out that the courts have been lying quite neglected for a considerable time past and the whole premises present a very untidy appearance overgrown with weeds, etc,

In view of the improvements proposed to be effected in that portion of the Cubbon Park and the possibilities of unpleasantness between the Gardens Dept and the Club authorities, it is desirable that an early decision should be arrived at in the matter of the control over the tennis courts and the buildings attached thereto.

As the matter has been pending decision for a long time, I am to request information as to when a reply may be expected to my letter referred to above.

Yours faithfully

With reference to correspondence ending with your D.O. letter No.G.8556 dated 8th October 1919 in the matter of the charge of the Tennis Court Cloak room, I write this to inform you that the room was occupied under the following circumstances.

Some time ago one of the rooms was occupied by the Cubbon Park garden staff for keeping tools etc., and the other by the Museum. After some time they were vacated as they were required by the gymkhana. Even now a portion of the gymkhana grounds is occupied by the garden nursery. The rooms were again lying vacant and as a lot of nuisance used to be committed there, they were occupied.

Dear Sir,

I am desired to acknowledge the receipt of your letter No. G/20/53, dated the 8th April 1920, regarding the tennis courts in the Cubbon Park

2. I am to say that Mr. Barton, after considering carefully the previous correspondence relating to these tennis courts, is of the opinion that the questions involved are a matter for settlement between the Gymkhana Club authorities and the Mysore Durbar and do not call for his interference. It is suggested, however, that a settlement of the question acceptable to both parties might be facilitated by a conference between representatives of the Gymkhana and the Chief Secretary to the Mysore Government or other officer or officials selected by the Durbar.

Dear Mr. Krumbiegal,

I met Mr. Plumer about the tennis courts in Cubbon Park and had a talk with him today. He agrees that the Gymkhana have no right to any compensation for the site or for making the --- courts and should hand them over to Durbar, and he suggests that the buildings and other material might be taken over by the Durbar at a reasonable valuation. I have promised to consult you and let him know about this. I shall feel obliged if you will kindly inspect the several buildings and let me know which of them we might make use of and which other materials we might take over, and at what price. Mr. Plumer said that the annual meeting of the Gymkhana would take place some time next month and that this matter might be decided then. As the information I have asked for will be necessary for that meeting, I shall be glad if you will kindly send in your report as early as practicable.

Dear Sir,

As requested in Mr.Balasundaram Iyer's letter No.C.14245/ G.M. dated 21st ultimo, I am now enclosing a plan showing the proposed treatment of the present Tennis Courts and also a statement showing the value of remaining masonry and of other materials which may be used in the relaying of the grounds. This value amounts to Rs.2,187-8-7 and I think a round sum of Rs.2,000/- may be offered.

It will be seen the Pavilion is retained as a general shelter, the Ficus avenue is given its full width. Five of the tennis courts are to be realigned and kept for the public and the area between the remaining courts and the Ficus Avenue will be properly laid out. The irregular wall at the North end of the remaining courts will be replaced by a wire trellis screen with creepers. I request the favour of your returning Mr.Iyer's plan when done with.

Dear Sir,

I return herewith the file of papers sent to me with your D.O. of the 28th September 1921 and with my decision in the matter referred to me for adjudication. I have sent a copy of the decision to the Secretary of the Gymkhana Club.

Yours Sincerely,

Chief Judge

To--

B. Ramaswamaiya, Esq., B.A., B.L.,

General Secretary to the Government

of H. H. the Maharaja of Mysore,

B A N G A L O R E.

I have been asked to fix the sum properly payable by the Government of Mysore to the Bangalore Gymkhana Club on taking over from the Club the Tennis Courts and appurtenant buildings in the Cubbon Park.

2. The site was granted by the Chief Commissioner Sir J. Gordon in 1877 for an indefinite period and -- apparently certain tennis courts were laid out upon it and constructed by prison labour. The only evidence on the point is a letter from Major Anderson to Major Maltby (the Gymkhana Secretary) in June 1885, but that is accepted by both sides.

3. The grant was made expressly for tennis -- courts to be maintained by the Gymkhana Committee and I think it must be taken that the buildings now upon the land are necessary and suitable for the purpose of the grant and were impliedly at any rate in the contemplation of both parties at the time it was made. The reasonable expectation of the Gymkhana Club at the time was no doubt that they would hold the land as long as they wanted it for the purpose for which it was granted: Major Anderson's letter shows that it was at the instance of the Chief Commissioner that the Courts were located in their present position; Sir J. Gordon proposed to the Committee that if they would transfer their play to the Cubbon Park he would give the ground and make the Courts. Now there is no evidence before me of the reason which induced -- this offer, or of the place from which the transfer of the play was to be made, but it seems quite possible that if we had evidence, we should find that the

[illegible] give up some place which for [illegible] the Chief Commissioner wanted, in return for the present grant. That is of course merely a [illegible] ire, and it is not possible to say or even plausibly to guess, what rights the Committee had in their former ground, or what was the nature of the consideration for which the Chief Commissioner granted the present site. Nothing is put before me to show that the Union stipulated for a right to [illegible] the present site at the pleasure of the Government or that the grant was beyond his powers, and therefore revocable on general principles by his successors.

4. The Gymkhana Club now are willing to [illegible] the Government or the Government and so considerations of rights are of minor importance, but, so far as I can [illegible] to whom the grant was made it [illegible] to expect that they would be able to hold the grounds for the purpose for which they were granted at least so long as they required them for that purpose. The only restriction I can fairly find on the evidence, is inability to transfer the land to any one else, and that I infer only from the fact that the grant was to the Club for the purposes of their 'play'.

5. I do not find any evidence in the correspondence in writing that the Club has abandoned [illegible] having any use to them. Mr. Plumer thinks that I believe President of the Gymkhana Club, [illegible] to have told a representative of the Government.

that the Club was willing to give them up as they were not then being used, but that is not abandonment, and the right to retain the courts for use is a right which must have a value and that right I think still remains in the Club.

6. These considerations lead to the conclusion that the Government may fairly be asked to pay the value of the buildings (i.e. their value to the Gymkhana) and something for disturbance of possession. The Club in the absence of a clear proof of title do not demand anything for the land or the court surfaces.

7. The estimate or valuation statement prepared for the Government by the Superintendent of Government Gardens is only an estimate of the value of such of the materials as are wanted by the Government: and on the other hand the statement prepared for the Gymkhana Club is an estimate of the cost of replacing the buildings by new ones in 1920. The former amounts to 2,187 rupees and the latter to 11,800 rupees in round figures. In my opinion neither is admissible as a basis of valuation. The Government should take over and pay for all the buildings as they stand not only such portion as they may require for their own use, and the Gymkhana Club cannot claim as compensation for buildings more than their present value excluding site value. It has to be remembered that the --

Club

Club cannot transfer them to any one else and really it comes to this that they can claim only the value of materials as they stand in the buildings. It is on this view that the Government estimate is in part based and that is so far right, but the Government must take all the property and not only so much as they propose to leave standing for their own purposes.

6. The Superintendent of Government Gardens who appeared before me to represent the Government also, agreed after some comparison of rates and quantities as found in the two estimates, that 4,000 rupees would be a reasonable sum to award for the buildings on the view I take of the Government's obligations. And this sum was agreed to by Col.Standage, Col. Corner and Col. P.A.Barton who appeared as representatives of the Committee of the Gymkhana Club. I therefore award 4,000 rupees to be paid as compensation for the buildings.

9. As regards compensation for disturbance the representatives of the Gymkhana Club suggested 1,000 rupees. And that may not be unreasonable, seeing that the term of occupation is not fixed by the grant, but any accurate valuation is difficult. It depends on many circumstances, and indeed it was not pretended that the suggested amount is supported by any precise data. I think a reasonable award will be the amount which the Government would have to pay if the property were being acquired under their powers of compulsory acquisition. And that would be 15 per cent on the -

value

value of the property acquired. That amounts to 600 rupees.

I award in all 4,600 rupees to be paid by the Government to the Gymkhana Club.

SECRETARIAT

Dear Mr. Ramaswamiah,

As directed in your Office letter No.M.1565/G.F. 150-19-21 dated 28 th ultimo, I beg to state that Tennis Courts buildings, etc., were taken over charge from the Secretary of the Gymkhana Club on the 29th ultimo. The report of receiving and handing over charge of the same is herein enclosed for your information.

As regards the result of my interview with Sir Leslie Miller on the 7th instant, I beg to state that I have made it clear to Sir Leslie Miller and the Members of the Gymkhana that my estimate of R.2187-8-7 for the structure on materials to be retained or R.3805-8-7.... if including the portion of the Boundary wall which is to be pulled down is correct representing the present value of the structures as against theirs R.11,000/- which is for new work. I only conceded to a small increase in the rate for iron rails.

Yours sincerely,

G. H. Krumbiegel
